

STE. ANNE MUNICIPALITY

Spring Clean Up May 15th and 16th, 2021

Ste. Anne Municipality will be hosting a Spring Clean Up weekend on Saturday, May 15th to Sunday, May 16th, 2021. We would appreciate your time and effort in keeping our community clean.

People wanting to participate need to register the week before the clean-up date at the RM office.

Here are a few of our requirements:

- Each individual or team is required to register at the Municipal Office detailing the location/road you intend on cleaning
- When you register, 10 bags per person will be provided to each team
- Your name will be entered into prize draw when you register and pick up bags
- Please do not pick up any animals carcasses.
- Please do not pick up any hazardous item such as needles, chemicals, etc.
- Please place all the bags in piles along the roads you committed to cleaning.

**We will draw names for the Grand prize at end of the event.
Participants will be contacted if they are drawn for a prize .**

We will try to have all the piles of bags cleaned up promptly following the Clean Up but if they haven't been removed within one week, please let us know so we can make further arrangements.

We appreciate you volunteering to keep our community clean and safe. Thanks for your help!
